To Whom It May Concern,

I feel it is unconstitutional to allow any government owned concern to compete with the private sector. The UPS Stores are privately owned and operated and we pay millions in taxes, the USPS does not. The enhanced mailbox service was pioneered by us and the unique range of services have always been a very strong selling point for us.

If the USPS offers the same service at a much lower cost it would hurt many UPS Stores and maybe even cause some to close down. This would have a negative impact on the economy and result in the govt. collected lower taxes.

Please do not allow the USPS to offer the same mailbox services as The UPS Store.

Thank you,

Karl Karkaria
